

Below is advance construction notice from South Jersey Gas for our neighbors, customers and business owners regarding a natural gas main renewal project in Dennis Township. South Jersey Gas will upgrade pipeline facilities starting in February 2018. Work is anticipated to be completed by July 2018.

Why is this project being performed?

We are replacing our natural gas main as part of our normal operating procedures and planned replacement schedule.

Is South Jersey Gas performing this project or subcontracting the work?

South Jersey Gas will use prequalified contractors to perform this work.

Are there any risks associated with this project?

South Jersey Gas, along with all prequalified contractors working on this project, will follow all required operating standards and procedures to ensure public safety while we complete this work.

Where is this project taking place?

Work will take place along School House Road, Woodbine Boulevard, Gracetown Road, Tattlers Road, Kings Highway, Westcott Road, Sunny Lane, Shady Lane, Hagen Road, Garfield Avenue, N. Delsea Drive, County Road, Rt. 83, Village Lane, Cedar Mill Lane, Dennis Creek Road, Meerwald Road, Hoffman Drive, Bevis Court, Court House-South Dennis Road, Robin Drive, Easy Street, Gravel Hole Road, Beaver Dam Road, Tressler Lane, Boyle Road, Cedar Lane, Holly Glen Lane, and Holly Court.

Will there be any road closures as a result of this work?

To ensure your safe travel, there will be lane closures with appropriate traffic control personnel directing motorists and pedestrians around all work. In addition, there may be some road closures on select narrow side streets where work will be performed.

Residents and businesses along these streets will have access to and from of their properties at all times.

During what hours will crews perform this work?

Work will take place Monday through Friday, from 7:00 a.m. to 5:30 p.m. There is a possibility that work will be performed some Saturdays during the same timeframe.

Will excavation work occur in front of my home or business?

Yes, excavations will be required throughout the duration of the project. In most cases, a temporary repair will be made until final restoration occurs. Openings in concrete will be temporarily patched with asphalt until final restoration with concrete occurs. Openings made in grass in the winter may not be restored until there is warmer weather to facilitate grass growth.

Will SJG or its contractors need to access my property?

If you have signed up to receive natural gas service, we will need to access your property to install individual gas service lines and meters.

Who can I contact if I have questions about this project?

If you have questions or would like more information about this project, please contact the South Jersey Gas Cape May division at (609) 465-2900, extension 6250 and reference the South Dennis Project.

If you would like to complete an application for natural gas service, please contact CustomerLink at 1-800-822-9276, option 4 or visit www.southjerseygas.com/apply.

Thank you in advance for your cooperation.
