Good morning, Jackie –

I hope this email finds you well. I am writing with regard to the attached Court Rule which became effective on January 6th.

Per the rule, if a party seeks to introduce a map “created pursuant to N.J.S.A. 2C:35-7.1(e)” at trial for purposes of establishing that the defendant sold or distributed a controlled dangerous substance within 500 feet of “the real property comprising a public housing facility, a public park, or a public building”, that party must produce a “witness who can testify to the authenticity and margin of error of the map” if the other party objects to the map being entered into evidence.

N.J.S.A. 2C:35-7.1(e) defines such a map as “a map produced or reproduced by any municipal or county engineer for the purpose of depicting the location and boundaries of the area on or within 500 feet of a public housing facility which is owned by or leased to a housing authority according to the “Local Redevelopment and Housing Law,” P.L.1992, c.79 (C.40A:12A-1 et seq.), the area in or within 500 feet of a public park, or the area in or within 500 feet of a public building...” If this map exists, it is admissible as “prima facie evidence of the location and boundaries of those areas, provided that the governing body of the municipality or county has adopted a resolution or ordinance approving the map as official finding and record of the location and boundaries of the area or areas on or within 500 feet of a public housing facility, a public park, or a public building.”

Given the above, I am reaching out to every municipality in the County to find out a) if such an approved map exists on file; and b) if needed at or before trial, what municipal employee would be able to testify to the map’s authenticity and margin of error.

Thank you for reading this email, and please feel free to reach out to me with any questions or concerns. I look forward to hearing from you at your convenience.

Best regards,

~Jim

Dated: January 6, 2020

R. 3:10-8. Notice of Intention to Proffer Map of Public Housing, Park, or Building

Whenever a party intends to offer a map created pursuant to N.J.S.A.

2C:35-7.1e at trial for a violation of N.J.S.A. 2C:35-7.1, notice of an intent to proffer that map shall be conveyed to the opposing party or parties at least 30 days prior to trial. An opposing party who intends to object to the admission of such map into evidence shall give notice of objection within 10 days after receiving the adversary's notice of intent to proffer the map. Whenever a notice of objection is given, the proffering party shall produce a witness who can testify to the authenticity and margin of error of the map. If there is no notice of objection, the map shall be admitted into evidence without the need to produce an authenticating witness. Failure to comply with the time limitations regarding the notice of objection required by this rule shall constitute a waiver of any objections to the admission of the map. The time limitations set forth in this rule shall not be relaxed except upon a showing of good cause.

Note: Adopted January 6, 2020 to be effective immediately.
