§ 185-T2
Height limits.
[Amended 2-24-11 by Ord. No. 411-01]
Except for detached dwellings as permitted in this chapter penthouses or roof structures for the raising of stairways, tanks, ventilation fans, air-conditioning equipment or similar equipment required to operate and maintain the building, skylights, spires, cupolas, flagpoles, chimneys or similar structures may be erected above the height limits prescribed by this chapter, but in no case more than 25% more than the maximum height permitted for the use in the district, except that farm silos shall have no height restrictions. In the Highlands Area, the height limits prescribed by this chapter shall not apply to the antenna and any supporting structure of a local communication facility of greater than 35 feet, provided that the standards set forth in N.J.A.C. 17:50-5.4(c) are met. All accessory uses are limited to a maximum height of 15 feet.
